

FAYETTEVILLE DISTRICT MONTHLY REMINDER

February 2025

From the Presiding Elder:

The month of January provided us with some really cold days. It is my prayer that all of you fared well and now waiting for the light and gas bills. Always keep in mind our God's promises..

Thank you for your support of the district events in January. Your presence was deeply appreciated. Now we are approaching the month of February , love month and I hope you will continue to give your dedicated support. It is Black History Month and I hope you recognize the contributions we have made to the world. Please remember to sing the "Negro National Anthem" each Sunday during February. Please sing it with fervor!

Finally by all means remember that special someone on February 14th.....it may save you some GRIEF! Just saying!

Tech Corner:

What is Kahoot??

Kahoot is an educational platform focused on competitive quizzes, with elements that are similar to games. This may be a great tool for some “good old” competition in Bible study or Sunday school. You can make short quizzes into games. There is a library of activities to choose from or you can make your own. This is a great bridge builder between generations in a congregation. Most kids are familiar with the platform from school and can show how to use it. Shout-out to The Rock! I have been to an event there where they used it. As always let me know if I can be of service to you!

Best,

Sherice Alford
